REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: It is the examiner's opinion that Okawa (EP '221) does not anticipate the specific/narrow range, "a sub-component which contains 0.01 to 2 parts by weight of Fe as an element on the basis of Fe_2O_3 , with respect to 100 parts by weight of the major component" as recited in claim 8 since such narrow range appears to be an unexpected result (see spec. p. 11, lines 6-12 and Table 3). Moreover, such narrow range appears to be unobvious over Okawa (EP '221) since Okawa does not disclose the narrow range with "sufficient specificity" (see MPEP 2131.03, example II).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Seungsook Ham whose telephone number is (571) 272-2405. The examiner can normally be reached on Monday-Thursday, 8:00AM-5:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert Pascal can be reached on (571)-272-1769. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
